

Concordia Intramural Volleyball League (CIVL) Rules

Updated September 2024

For any league-related questions, please email camprec@concordia.ca

The Concordia Intramural Volleyball League (CIVL) is a co-ed league that includes multiple levels of play:

- Advanced League, Pool 1 & Pool 2 (Monday)
- Intermediate / Beginner League, Pool 1 & Pool 2 (Wednesday)

The Advanced league (Monday) is for experienced teams and players with an understanding of volleyball positions and rotations. The Intermediate league (Wednesday) welcomes all players of all skill levels including beginners. Beginner teams and players will typically be placed into the Intermediate Pool 2 division.

General League Rules

1. The Concordia Intramural Volleyball League (CIVL) is open to students, staff, faculty, alumni and the public.
2. The spirit of the league is to provide its participants with a positive recreational experience incorporating a high spirit of sportsmanship, fair play, and mutual respect between players. There are no referees; therefore, each team and individual player must honor the rules. Teams are expected to call their own violations. If a disagreement occurs, the point will be replayed.
3. The league is co-ed. All gender identities are welcome.
4. All players must be fully REGISTERED to participate in the league. Once the team captain has registered the team into the league, individual team members must complete their registration before the registration deadline. Team captains agree to have their names and email addresses shared with other team captains for ease of communication.
5. When a team is aware in advance that they will default/forfeit a game, the captain must inform, in writing, the League Coordinator (camprec@concordia.ca) as well as the captain of the opposing team, with as much notice as possible. Teams that forfeit will lose that game 3-0.
7. Captains/team members are not permitted to write into the League Coordinator with complaints until 24+ hours following the game in question. This will be referred to as the 'cooling off period'.
8. The Department of Recreation and Athletics reserves the right to request that a team change their team's name if it is deemed inappropriate.

Volleyball League Rules

1. To ensure equal opportunity, teams are NOT allowed to register for more than one league or skill division. However, individual players may participate in both leagues provided that the

team they are a part of are of appropriate levels to the league they are signed up for. Once the team captain has registered the team into the league, each team member will need to register individually before the noted registration deadline using the link provided to the team captain.

2. Full refunds are granted within seven days of registration and payment. **Exception:** Captains will not be refunded their registration fee if a team withdraws from a sport league, whether from voluntary withdrawal or through administrative decision(s) involving suspension or expulsion.
3. A team member from each match must report the results of each game to the organizer at the end of each match.
4. Matches will consist of a running time of approximately 35 minutes. Teams will play two sets in that time, to 21 points for the sake of time constraints. Winners must lead by two and a cap will be set at 23 points. If teams do not reach the score of 21 during the second set, whoever is in the lead at the time when the whistle is blown will be declared the winner. If there is a tie when the whistle is blown, the next point will decide the winner.
5. Teams must be prepared to play at their allotted match time. If a team is missing players, they will begin the match with whomever they have. If they cannot field at least four players they forfeit the set. If both teams are unable to field a minimum of four players, the game will be considered a loss for both. Games will not extend outside the allotted time, unless authorized. Teams missing players will not be forced to play with a ghost player* unless it is a playoff match.
6. Teams must have a minimum of six registered players. Teams may bring substitute players whenever one of their starters is missing. Teams can take substitutes from either outside the league, from another team in another section, or from a team in their own section if a team has extra players (if from the same section, both teams must agree on substitutes).
7. Quick timeouts may be called, if necessary, but it is generally better to avoid pausing the games due to time.
8. If the first contact of the ball hits the ceiling it will be considered still in play so long as it stays on the side of the team that contacted it. Second and third contacts cannot touch the ceiling and will be considered 'out'. Walls and obstacles such as the basketball nets or bleachers are always considered 'out'.
9. To avoid injuries, players may not cross the centerline to any degree. Whether after a spike, block, dive, or simply running for the ball, crossing the centerline is not permitted and will result in loss of the point.
10. For everyone's safety, if a ball from another court enters play, players on either team that notice must alert all players in the game by calling "ball" and play must stop. The point will then be reserved.
11. If a team sends the ball into another court, it is considered out and they are expected to stop play and signal to the teams in that court of the ball's presence. This is to avoid people diving and charging into players on other courts.

12. At the end of a point, teams are expected to immediately prioritize recouping the ball to prevent it from entering other courts and interrupting other matches.
13. Male-identifying players (MIP) are not allowed to block female-identifying players (FIP). However, it should be noted that if the ball does not touch the blocker, it is not considered a block. MIP are allowed to soft block FIP without jumping (put their arms up and remain stationary), but it will count as one of the team's three touches and the ball must remain on their side after the contact. If an MIP does jump and make contact with an attack made by a FIP, they forfeit the point. **
14. A ball is considered out if it hits the antenna or if it lands outside the boundary line without making any contact with the line. If there is an unresolvable disagreement whether a ball was in or out, the point should be reserved rather than wasting time arguing.
15. Due to limited serve space in the gym, crossing the service line with one foot is permitted. If both feet cross, it is considered a line violation.
16. The Advanced League will have a try-out for all players who have registered as individual players. If a player is not well suited for the advanced league, the League has the right to refund this individual and cancel their participation. This is not to be competitive but more so to create the appropriate atmosphere for all registered teams and players. The individual draft team will be reduced to the six most qualified players once the tryout is complete.
17. In the Advanced League, every two weeks the two best performing team in Pool 2 will be promoted to Pool 1, and the worst performing team in Pool 1 will be relegated to Pool 2. This is done to keep the leagues competitive and balanced in skill level and to encourage all teams to show up with their intended lineups. Division changes in the intermediate league will be made when the organizer deems them necessary.
18. Teams must field a minimum of two FIP and two MIP (this minimum is reduced to one for teams in the intermediate league). If they are unable to do so, they must play with fewer players. For example: a team in Advanced that only has one FIP may only field five players and may only occupy the sixth spot with another FIP. The same applies regarding MIPs. If the opposing team prefers, they may agree to a compromise of a six-point deficit to allow the team to field six players despite not adhering to the rule. **

In traditional volleyball rules, 'women's volleyball' nets are lower than 'men's volleyball' nets, and rules differ slightly. The league is aiming to keep these standards of play that players are likely to be accustomed to, while also being as inclusive as possible to all interested players.

Playoff rules

1. Playoffs will take place in the final three weeks of each League's scheduled calendar season.
2. The top 8 teams in the league will qualify for the playoffs and be seeded into a single elimination bracket. The remaining 4 teams will not participate in the playoffs, but they will still have extra recreational matches scheduled between each other.

3. Matches are all best of 5 series, to 25 points (cap at 27 points for time), with the deciding game to 15 points. The allotted time for each match is 2 hours, and teams may continue playing for fun if their match ends before the time is up. The top 2 seeds are given the choice of which time block their match takes place in (7pm or 9pm).

4. Quarterfinal matchups are seeded by regular season standings. In the semi-finals, the highest remaining seed may select their opponent between the two lowest remaining seeds.

5. On the night of the finals, the six eliminated playoff teams are invited back to play recreationally during the 7pm block. The finals are played immediately after in the 9pm block, and anyone that wants to stay and are encouraged to do so.

6. With fairness in mind, teams may not field substitutes of a higher level than the player they are replacing. If a player has subbed for a team four or more times, they will be considered a part of that team's standard roster. The League organizer must approve substitutes that do not meet these criteria. If a substitute is deemed unfair, the team may be forced to play without them.

7. Teams may invite spectators to watch the finals.

** The League reviews all incidents taking place before, during, or following a match and supplemental actions may be assessed following the conclusion of the review.

Any harassment of a league official whether it is of a physical or verbal nature (threat), will be subject to the following conditions:

- 1) As a minimum, a one-year suspension from the date of the infraction for all Campus Recreation activities, with no refunds issued.
- 2) The suspended player must then re-apply for re-instatement (in writing) to the Manager, Campus Recreation after the termination of the suspension.

Any player who refuses to produce an I.D. card when requested by League officials will automatically be released from the league, with no refunds issued.

** ALL captains' must disclose the contents of the waiver noted below to ALL players on their respective team prior to the start of the season and/or game in the case of spare players.

Agreement and waiver of liability

All team captains, leaders and/or other persons responsible for groups using Concordia University's Recreation and Athletics facilities are responsible for communicating the following important information to individual participants under their responsibility and/or supervision.

All participants recognize and accept that their participation in activities, offered or taking place on Concordia University's Recreation and Athletics facilities, including the programs, classes and equipment including but not limited to the Loyola Campus Arena, Stinger Dome, weight room, outdoor playing fields and gymnasium, is solely at the risk of each individual participant. All participants recognize and accept all liability for any injury, accident or loss of personal property and hereby release Concordia University, its agents, representatives and employees from all liabilities for any direct, special, incidental, consequential, punitive or exemplary damages, regardless of the form of action arising from or related to by our use of the facilities or our participation in the activities held in these facilities and/or offered

by the facilities, except for claims or losses resulting from willful misconduct or gross negligence of Concordia University, its agents, representatives and employees. Participants must be in good physical condition and must have appropriate insurance coverage including medical coverage.

Participants agree to follow the facilities' instructional guidelines and to abide by all University policies and Codes, as applicable, regardless of whether or not they are members of the University community. Participants agree and accept that if they fail to abide by said University Policies and Codes as well as all applicable laws and regulations, their access to the facilities, equipment and/or participation in a program, if applicable, may be immediately cancelled and/or revoked and their access to the premises, use of the equipment and right to participate in a program in the future access, may be denied. All participants acknowledge that photos can be taken and used for communication and publications purposes for Concordia Recreation.

Please note the Recreation and Athletics Department reserves all rights to cancel or postpone any games in the event we have a schedule conflict. We will do our best to add games when possible. We make our best efforts to create well balanced schedules in regard to time of games for earlier or late games but we cannot ensure you will always play equal number of games; early or late.
